

인버터 정치식 저항 용접기

# Inverter Projection Welding Machine

Strong frame and hardware

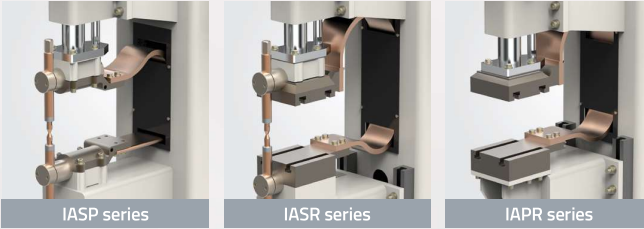

## Model : IASP, IASR, IAPR Series

31 Welding Programs available | 31 용접계열 가능

- Constant current control  
정전류 제어
- DC inverter function  
DC인버터 기능
- Respond to network  
네트워크 대응가능
- Welding data management  
용접데이터 관리
- Welding count record  
용접타점 저장
- Current wave form control  
전류파형제어
- Reduction of welding  
current and time  
용접전류, 용접시간 단축

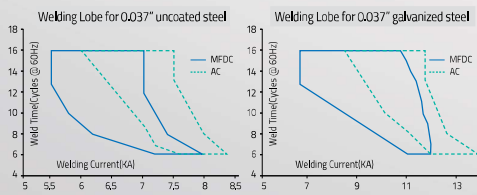

### TYPE OF THE PRODUCT

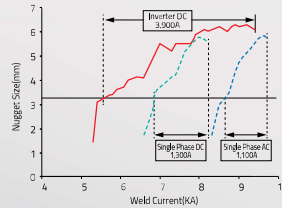

### Excellent control disassemble ability

제어 분해 능력 우수

### Spatter reduction

스패터 저감

Classify	Single phase alternating current	Single phase direct current	Inverter direct current
Stable range	1,100A	1,300A	3,900A
Stable percentage	100	117	389

## Specification | 사양

Model	Division	Rated capacity	Input power	Phase	Max. short current	Max. Electrode pressure	Pocket depth		Stroke	Platen	Cooling water	Work height	Exterior measurement			Weight					
							Depth	Distance					W	H	D						
																	MM	MM	MM	MM	MM
IASP	100kVA	100	220/ 380/ 440±10% (50/60Hz)	3	18,000	750	480~	375~	80~200	180x180 & 230x230	18	900	1810	1100	560						
	127kVA	127			22,000	1000										400~	200~	18	900	1100	630
